

Petra Octane Boost

PN 2004 (12oz) Specification Sheet

Product Description:

Petra Octane Boost is a premium product made from special additives and aromatic hydrocarbons.

Dirty engines and poor quality fuel can rob a car of fuel economy and lead to poor combustion. Octane Boost is designed to restore.

Advantages & Uses:

Petra Octane Boost is especially suitable for modern automotive vehicles using today's gasoline.

The product also works well in older vehicles.

It is advisable that the Octane Boost be added while the fuel tank is at or below 1/4 full.

Features:

- Stops knocks and pings
- Boosts octane rating
- Helps clean fuel system
- Helps restore lost horsepower
- Stops hesitation
